Nordson Employees Helping Others Through

time 'n talent

Initiated in 1993, Nordson's Time 'n Talent volunteer program carries on the philanthropic legacy of its founders by providing employees an opportunity to plan and participate in organized volunteer activities that address needs in their communities. Now more than ever, nonprofit organizations rely on the support that programs such as Nordson's Time 'n Talent can provide. During these turbulent economic times, many organizations are facing a reduction in funds, but an increase in need. For those unable to contribute financially to the causes they support but still hoping to make an impact, Nordson's Time 'n Talent Program provides the perfect opportunity to volunteer.

In 2008, Nordson employees answered the call by donating over 8,200 volunteer hours to causes they support, a record!

The nonprofit organizations that look to Nordson for support are truly thankful for the donations that employees have made, but we can do more. In addition to the general support that employee volunteers can provide, organizations can benefit greatly by donations of specialized assistance in areas such as information technology, accounting, building trades (such as electrical, plumbing, construction, etc.) – the list is endless. Please continue to support the important causes in your community by making a donation of your time and talent – **You can make the difference!**

2008 Nordson Corporation Foundation Investment Opportunities

Foundation Grants

Community Affairs Committees (CACs) consist of employees from different departments at Nordson Corporation. CACs review grant requests and recommend support to nonprofits within their respective regions. CACs operate at Nordson Corporation facilities in Ohio, Georgia, California, Rhode Island and New Jersey. Their recommendations are then sent to the Foundation's board of directors for final approval. In 2008, the Foundation awarded \$2,354,511 in grants.

Corporate Gifts

In addition to grants, Nordson Corporation makes direct contributions to community organizations through event sponsorships and one-time projects. In 2008, we distributed \$344,769 in corporate gifts.

Employee Matching Gifts

Nordson Corporation supports our employees' philanthropic giving through a program that matches dollar-for-dollar employee and retiree contributions to nonprofits and educational institutions, up to \$6,000 per individual per year. In 2008, Nordson employees and retirees donated \$422,935 to causes they care about. With Nordson Corporation's match of those dollars, an additional \$334,304 went to help our communities.

Employee Volunteerism

Nordson's employee volunteer program, Time 'n Talent, was started in 1993 and has been going strong ever since. Nearly every weekend, Nordson employees can be found out in their communities walking to raise money for a cause, bringing smiles to children in hospitals, packing boxes at a food bank and more. In 2008, employees spent more than 8,200 hours helping nonprofit organizations by volunteering their time and talent.

United Way

Yearly campaigns to benefit the United Way have been a long-standing tradition at Nordson facilities. In 2008, employees in Ohio, Georgia, California, Rhode Island and New Jersey gave a combined \$292,163 to the United Way. Nordson Corporation's dollar-for-dollar match of employee contributions meant more than \$584,326 went to support United Way agencies.

Technical Assistance Taskforce

Nonprofit organizations benefit from more than just Nordson Corporation Foundation grants. They also receive technical support from our employees, who lend their expertise on tasks such as balancing financial statements and installing computer systems.

2008 Nordson Corporation Foundation Grant Guidelines, Board and Staff

Guidelines

Nordson Corporation Foundation reviews and considers grant requests on the basis of their enrichment to the communities where our employees live and work. Primarily, our grantmaking supports organizations that enhance educational experiences and provide learning opportunities. Additionally, grants are made to arts and culture, human welfare and civic organizations that provide community beneficial programs.

To receive a grant, organizations must be considered nonprofit, tax-exempt institutions as defined in Section 501(c)(3) of the Internal Revenue Code.

Requests

All grant requests must be submitted using the online Nordson Corporation Foundation Application Form, which can be found at www.nordson.com. You can also request an application from any member of our Foundation staff.
