

Save with Factory Reconditioned Nordson Equipment

Rebuild your equipment... or buy like-new rebuilt equipment... and save!

Minimize downtime and costs. Have Nordson clean, recondition and rebuild your existing equipment. Or, choose rebuilt equipment from our inventory.

Easy and cost-effective:

1. Upgrade or change the configuration of your current melter/system
2. Get like-new, rebuilt equipment for less cost
3. Keep your existing equipment performing at its best

You get our commitment to quality:

- Comprehensive warranty, the same as new Nordson equipment
- Genuine Nordson quality parts
- Rebuilding by factory-trained Nordson technicians
- Reconditioning and assembly done to original factory specifications
- Local Nordson Customer Service Engineers and 24/7 "live," U.S. technical phone support

Keep your line running while we rebuild

You can keep your current melter/system in production while we build/rebuild a replacement or re-configure a melter to meet your specifications. You don't take your current melter off-line until a like-new, reconditioned melter is installed and operational in your plant.

We currently rebuild – and have in inventory:

- Adhesive melters
- Applicators
- Controls
- Modules
- Nozzles
- Pumps

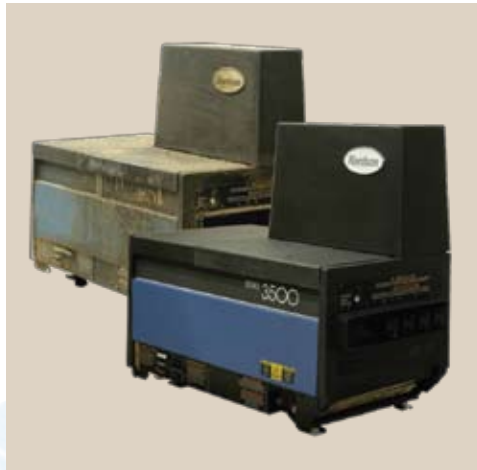

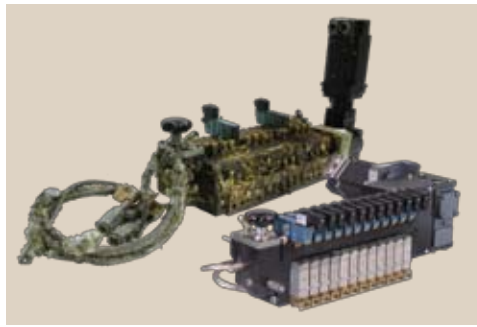

Products are continually added to the program. Contact us to ask about your equipment.

Save with Factory Reconditioned Nordson Equipment

Why choose reconditioned equipment?

- Pay less for reliable, durable, Nordson equipment
- Reduce unwanted downtime and maintenance typically required on older systems
- Know that all mechanical, pneumatic, hydraulic and electronic systems are thoroughly tested for functionality
- Rest assured that all reconditioning is done to Nordson quality/factory standards
- Protect your Nordson warranty and system UL Listing with the use of Genuine Nordson parts

Does my equipment qualify?

Nordson rebuilds equipment in nearly all the industries and markets we serve. Call us with requests for any equipment rebuilding and you will receive a fast, no-nonsense answer.

Call toll-free today: (800) 241-5792, ext. 8702
